TUTORING FOR PAY

Definition: "Tutoring" means providing remedial instruction or help in a private setting to an individual or group for which the teacher receives remuneration other than through the School Committee.

Tutoring is not to be recommended for a student unless the appropriate teacher of the student involved is consulted and agrees that it will be of real help. If tutoring seems advisable, the Principal may give the parents/guardians a list of persons who are willing to tutor. This list may include teachers, but not the student's teacher of the subject in which he/she or she is to be tutored.

Tutoring for pay is not to be done in the school building.
